

Concerto Competition Application

The Southeastern Massachusetts Youth Orchestras hold a concerto competition every year during the second semester of the rehearsal season. The winner of the competition will be the featured soloist at the SEMAYO's final concert of the season in May. The competition is open to all current members of the Southeastern Massachusetts Youth Orchestras. The audition date and time are posted on the general rehearsal schedule on the SEMAYO website.

Applicants should prepare one movement of a concerto, or similar piece, from the standard repertoire for their instrument (that has an available orchestral accompaniment) and must provide their own accompanist for the audition. The audition piece used should be the piece the applicant wishes to perform with the orchestra.

Applicants must provide a copy of their audition selection for the adjudicator on the day of the audition. Winners of previous SEMAYO concerto competitions will not be eligible for future auditions. The winner will perform their solo with the SEMAYO Symphony Orchestra at the final concert in May.

Please complete the application below and return to Artistic Director Tobias Monte by the Monday preceding the concerto competition auditions.
